Developed in response to marketplace demands for larger floorplate office space, this structure was built as an expansion to the award-winning SunTrust Plaza. With more than 100,000 rentable square feet per floor, offices are centered around a stunning skylit atrium located on top of an existing food court and 2,800 space parking garage. The combination of natural light, open space, artwork, and fountains creates a beautiful and unique office environment. A future office expansion is planned for the complex.
